

DOG CATCHER GOON SQUADS IN CHINA

(Poem)

-by B. Edwards

I saw in the news
Those fools
Those goon squads there
Far across the world
Those goon squads in China
Hunting down dogs
In the streets
Like in their cold hearts
They just can't go through life
Leaving a dog alone
They've got to be a part of
Tyrannical goon squads
Out with their nets and clubs
Out there with their sadism
Acting like goons
Acting like damn fools
Tyrants with nets and clubs
Looking for the next
Innocent dog
Who has had
A hard enough life as it is
And now to be killed
By dog catcher goon squads in China
